

DIRECTIONAL LEDS

3510 SERIES Surface Mount

The 3510 surface mount LED warning light is designed to offer maximum performance with minimum size. This slimline LED measures only 3.3" x 1.1" and only 0.4" deep, comprised of 24 1-watt high-intensity LEDs in an ultra compact housing. Its small footprint allows for mounting in almost any location on a vehicle body. It is synchronizable with additional units and any Hide-A-LED model. The 3510 includes 16 flash patterns and is available in amber, blue, clear, green and red (colorless when not illuminated). Additional benefits of LED technology include high-intensity light output, low current draw, long maintenance-free service life and a 5-year warranty.

Models

PART NO.	TYPE	ILLUMINATION COLOR OPTIONS
3510X	Single	■ A ■ B ■ C ■ G ■ R

Replace "X" in part number with desired color: A=amber, B=blue, C=clear, G=green, R=red
